

"YOU'LL LIKE OUR GOODS"

SHERWIN-WILLIAMS PAINTS & VARNISHES

The paint that protects the outside of a house should not be the same as the paint for a floor or a door or a wall. Different surfaces require different finishes. There should be but one thing in common—*Sherwin-Williams quality*—the quality that makes each paint, varnish, stain, enamel or other finish just right for its purpose.

If you know the paint and varnish you are using on your house or in your home are made by the same maker in the same cure, careful, painstaking way as the paint used on iron bridges, steel buildings, railroad cars and automobiles, you believe you will have more confidence in them.

AGENTS FOR FAMOUS RU-BER-OID ROOFING

Celebration at Lacombe

A few of the Red Deer sports went to the Lacombe sports on the 24th, and enjoyed themselves immensely. There were three good horse races first thing in the afternoon, Bagley taking nearly everything. Then Lacombe and Ponsa entered in an exciting game of football, which resulted in a win for Lacombe by 16-7. Red Deer intended taking up a baseball team but could not get the boys together. A football game between Lacombe and Chigwell then followed. This game was fast and furious, and resulted in a win for Chigwell by 2-0. A boxing contest was also on the list, and was then pulled off. One of the horses was good, but the other two in the contest appeared kind of sick and not inclined to jump their riders. Foot races for the boys and men concluded a very successful 24th.

UNITED FARMERS OF ALBERTA

Pine Lake Local Union No. 463.

The monthly meeting of this branch was held at the Sandy Cove Hotel, May 17th, at 2:30 p.m., Mr. H. F. Lawrence, President, in the chair. Roll was then called, minutes read and adopted. All official communications received were read.

The following new members were elected: John A. Pope and John Webster.

The Secretary was instructed to write to the agent at Red Deer of the Massey-Harris Co. for quotations on binder twine.

T. J. Spiers was asked to represent this branch at a meeting of the Lousiana Agricultural Society on the 31st May at Lousiana, re. erection of a terminal elevator at Lousiana.

Dr. Warkie was elected a director owing to the resignation of J. L. Meyers.

A motion was made that in the minutes of the 22nd March the word "party" be placed before the word "politics." After considerable discussion it was resolved that the minutes of the 22nd March remain as stated.

The Secretary was instructed to write these copies of the undermentioned resolution, one to the Department of Public Works, Edmonton, one to E. Michener, Esq., member for the Red Deer district, and one to Fred Archer, Esq., member for the Innisfail district:

"The distance of railway communications, and the absence of facilities of the farmers to market their produce, is causing a tremendous depopulation. The necessities for the improvement of the roads must be valuable to yourself and others who wish to have any communication to this locality.

We draw the urgent necessity for a substantial grant, of \$10,000, to improve the main road from Red Deer to Pine Lake, \$10,000 to improve the main road from Innisfail to Pine Lake, and \$10,000 to improve the road from the lake to Lousiana.

The members of this branch cannot emphasize too strongly the grievance from which had resulted in keeping them in an impoverished condition."

Meeting adjourned to meet again on June 14th, Saturday, 2:30 p.m., at the Creamery.

Robert Milligan, Secretary.

Evergreen

(From Our Own Correspondent)
Frank Hollender went to Red Deer on a business trip.

F. L. Schacht and C. C. Vanhorn were to Sylvan Lake for a couple of days recently.

The 24th of May was very dull this year with us.

E. Sonney went to the lake on a day trip. He reports that the lake is worth spending a day at.

This district was visited by a pretty bad fire on Thursday, May 22. It burnt over three or four sections.

Several people of Evergreen district have lost young cattle lately.

There is no word of them in the near future, we will have to call the R.N. W.M.P. to investigate the same.

Gus Nelson is building a fine house on his land here, Sec. 6, Tp. 38, R. 3.

Owing to the Red Deer, via Exratis, mail being late last Friday, not arriving till late on Saturday, the Evergreen mail also was late.

There is a petition at Evergreen to E. Michener, M.P.P., signed by a large majority of the people, to have a main road opened up between Evergreen and Pitons.

John Mottle has just returned after having away for nearly a year working in a coal mine.

Several people have telephones attached to barb wire fences which work to perfection. Some cheap telephones, eh?

A large number of the farmers' horses are laid up with the distemper.

The trees are just beginning to leaf out in this district.

E. MICHENER, M.P.P. AND C. A. JULIAN-SHARMAN RETURN FROM OTTAWA

E. Michener, M.P.P., returned from Ottawa on Thursday last, where he had been in the interests of Red Deer. Mr. Michener was successful in securing the consent of the Department at Ottawa to have C. A. Julian-Sharman act as architect of the proposed public buildings to be erected at Red Deer this summer, and he accompanied Mr. Michener to Ottawa to complete plans with the Department.

Mr. Michener was successful in getting the post office plans amended so as to cost \$100,000 instead of \$50,000, the new armory to cost \$40,000, and the location of a Government Veterinary Inspector, which will be great benefit to the shippers of live stock in this district. He also made strong representations as to Red Deer's claims for an internal elevator in the event of the Government placing one in this district.

Mr. Michener interviewed Sir William McKenzie, President of the C.N.R., in western conditions, and the line to Red Deer in particular. Sir William said they hoped to go ahead with the Calgary and Edmonton line, working from Calgary and towards Red Deer this summer.

Mr. Michener stopped off at Winnipeg to interview Mr. Bury, of the C.P.R., but he was out of the city. However, saw Mr. Bury's assistant, who said they expected to have the steel laid on the A.C.R. this year.

He also called on H. M. McLeod, the western manager of the C.N.R., with regard to the line to the Brazos collieries. Mr. McLeod said he expected the steel would be laid this year which would connect Red Deer with the west.

Mr. Michener's successful work during the last provincial campaign was highly appreciated at Ottawa, and he was feted by some of the Ministers. Hon. Robt. Rogers gave a luncheon in his honor, which was attended by the Prime Minister, Mr. Peirce, Mr. Pelletier, Mr. Burrell and other Ministers. Another very pleasant feature was one where Senator Loughheed was the host. Mr. Michener was also a guest of Premier and Mr. Horden on the Sunday at their private residence. Mr. Sharman was also a guest at these functions. Mr. Michener and Mr. Sharman both bore high testimony to the value of the City Council. The blue prints showed the various locations for the public buildings and created a favorable impression among the Ministers.

It is the intention to call for tenders and get on with the building as quickly as possible. The citizens will certainly appreciate the services of Mr. Michener in doing so much towards securing these public buildings, of which we are badly in need. Mr. Michener returns from a business trip west this week, and will leave in a few days for California to visit his family. Colonel Cruickshank is in the city today in connection with the site of the new armory.

Sylvan Lake

There is a marked difference in the appearance of affairs since last week on every hand the village is getting busy. Mr. Rousseau has started building, and Mr. Powell begins next week. A cellar is being taken out near the post office, over which a stone house is to be erected by Mr. Leslie, and plans for three other buildings are out.

Mr. Dickson, a new arrival from the Old Country, has arrived, and will engage in business.

The tennis courts are in fine shape and being played on.

The Sylvan Lake Trading Co. are in their new quarters and hard at work.

Public spirited citizens are giving their services to help build the new breakwater ready for the regatta. So wake up, Red Deer, and do your share.

A baseball club was formed and play began Saturday.

Building material is being unloaded for Godden & Simmonds' lumber yard. Big work is being done on the Loiselle townsite.

The C.P.R. will be here with steel shortly.

There were crowds here on Saturday, May 24th.

Red Deer Gun Club

The regular shoot, Monday night, resulted as follows:

S. V. Day	22
C. Whitehouse	5
G. R. Plaxton	23
F. Lund	23

J. M. Campbell	11
H. S. Wain	18
A. T. Stephenson	20
C. R. Brumpton	25
R. L. Gaetz	15
D. A. Smith	20
G. R. Plaxton	8
H. B. George	17
W. E. Chadsey	19
G. B. Parker	24
G. R. Plaxton	20
Plaxton silver, and F. Lund bronze.	

FOOTBALL NEWS

The School and Callies played off their league match on Tuesday night last. The game was very interesting from start to finish. A. R. Gibson was back in the School team, which appeared to give them more confidence, and what is also to the point, he played a good sound defensive game. Half time arrived with no goals scored. In the second half the game was kept up at a good pace. It was not very serious putting in some lovely centres, for which great credit is coming to them, particularly Charlie Carswell, who put in one particular centre at such an angle that Markie had only to touch the ball to score, which he did, this being the only goal of the match. Both teams played well and the last ten minutes of the game found the Callies pressing severely. Had their wing men been as good as the School they must have scored on more than one occasion. There was a misunderstanding in the second half between a player of each team, which led to blows being exchanged. It was not very serious, however, although both players should have been sent off the field, which would have been better to lose their temper in such an extent. It would also be much better if Huestis would learn to head the ball more and do less jumping and high kicking.

The Firemen and Callies played their second league match on Thursday night. It was a ding-dong game throughout, and ended in a draw of one goal each. The Callies have come on well, and considering the Firemen could only score from a penalty, says a lot for the Callies' defence, and taking the game altogether, the Callies should have won.

SCHOOL V. CITY.

The School and City teams played their third league match on Monday night, the School winning by 2 to 0. The first half was of a fairly even character, with the City team only having ten men, and under the circumstances doing well. Rev. Moore put in two very fine individual runs, dribbling the ball in fine style, but was eventually knocked out. The second half was in favor of the School team, who lasted much better, several of the City players being all in as far as wind was concerned. The School scored two goals in this half. The first one was a good one, having crossed the line before it struck the post. The second goal was a bad one, and should never have been allowed, the scorer, Markie, being yards offside, and receiving the ball from Smith. The game was fair enough, but inexperienced, and there is some blame coming to the league officials for not having appointed an official referee. It is not fair to say that the spectators to keep them waiting around while the captains hunt up some spectator to take the game.

RED DEER AT INNISFAIL.

Red Deer journeyed to Innisfail on Victoria Day to play the team of that town in the Snell Shield competition. A strong team was taken, who won out by the score of 6 to 0. The game was very pleasant one, and not so one-sided as the score would lead any one to think. Innisfail have some good players and they did well, but the cause of such a defeat was entire lack of combination. What they need is practise, and they would then make a very creditable showing. Quite a number of Red Deer supporters went down with the team.

SCHOOL AT BLACKFALDS.

The School team went to Blackfalds, and proved much too strong for the local players, winning out by the score of 7 to none, securing the prize, a football.

The School also put on a baseball team, but were defeated by a team from Clive, Alta.

RUTHERFORD CUP.

Red Deer High School and Edmonton High School played off for the splendid Rutherford Cup on Friday last at Red Deer, Edmonton winning out by 1 goal to 0. It was a good game, and without doubt the better team won; and although Red Deer lost, they were not disgraced, for they played a fine game and great credit is coming to them for the showing they made against their much heavier opponents. At the same time the shooting of the Palace team was poor, and had the local High School boys been as strong as last year, the Cup would have still remained in Red Deer. However, a chance is good for cups, as well as individuals; and by the way some of the junior players are coming on, it will only be a matter of going to Edmonton to bring the Cup back again.

Choir Concert to-night.

Repairs of all musical instruments at Hadley & Webb's.

Double enamelled roaster \$1.00, and Rochester globes 20c each, at Brazier's.

Brown's Tuggerby—the best place in town to buy the latest in tennis clothing.

NOT A MONEY RAISING SALE; BUT A STOCK REDUCING EVENT

THE SAVING IS ALL YOURS

WE have not engaged a so-called sales expert to put on this sale. In fact we have never been foolish in allowing any man to make a contract by which he gets 10 per cent. of the gross receipts, although we have had many try to get such an easy money contract and allow their name and identity to be kept in the background. Of course, it may be quite a relief to have some one prepare the advertising matter, etc., but what about the ten per cent? In this case we will give it to you. There will be no advancing of prices to fool you. Just come early and bring all the money you can spare in advance for your supplies for the summer.

REALIZING THEIR ERROR.

Gradually the Liberals are learning that their leaders led them un- wisely into a position which shows the Government's strength and the Opposition's weakness. They boasted that they would be able to force the Government to the country. They spent thousands of dollars, probably the "heel-taps" of their old campaign fund, in organizing the ridings, printing and distributing campaign literature, all with a view to an election this year. They and their press led the rank and file to expect an early election, and get ready for it. The Globe thought it clever tactics to argue that there could not possibly be an election before June. Literally the Globe was right, but politically the Globe thundered. The cry of "Wolf, Wolf," does not have a good effect, even in politics. The obstruction in the House compelled the Government to introduce and pass closure, the result of which will be to render the Opposition impotent to drive the Government to the country on this or any issue. The last stage of the Opposition is therefore worse than the first, and the Liberals are just beginning to realize it. Already they are trying to save Sir Wilfrid Laurier's reputation by pretending that he was personally opposed to such tactics, but that "hustled" into it by Pugsley and others. There are evidences that this is correct, but the strong, masterful leader should not be "hustled" by in- surgents, one of whom is the gentle man who, at a meeting in Toronto, referred to Mr. Borden as a "weak- ling."

ENGLAND'S ENEMIES WELCOME LAURIER'S ANTI-BRITISH POLICY.

The action taken by the Liberals under the leadership of Sir Wilfrid Laurier, in attempting to block the efforts of the Government to give immediate and effective aid to the naval forces of the Empire, is being welcomed by every enemy of that Empire. It will be remembered that the British Admiralty, in their memorandum, emphasized the great moral force, at the present juncture, of Canada coming to the aid of the mother land in matters of defence. Laurier by his anti-British agitation has sought to nullify the effect of the gift of three Dreadnoughts and has deliberately ranged himself with the enemies of England.

The spectacle of a former Canadian premier coming out openly in favor of a policy of Separation is one which cannot arouse feelings of pride among the Canadian people. While it is gratifying to know exactly what views concerning our Imperial responsibilities Laurier holds, it is nevertheless an insult to the intelligence of the people to be told that in aiding the motherland they are playing fast and loose with autonomy. Laurier objects to Borden's naval policy for the reason he knows it will strengthen the ties which bind the daughter to the mother.

The Liberals have too long posed as the champions of Canadian autonomy. The bluff has been called, and they are shirking their imperial responsibilities under the cloak of preventing an attack on self-government.

THE PASSING OF PUGSLEY.

The leadership aspirations of Hon. William Pugsley, who for some time past has been trying to oust Sir Wilfrid Laurier, have been annihilated. The Pugsley bubble was punctured by Dr. Michael Clark, the militant free trade radical from Red Deer, and the ex-Minister of Public Works was humiliated in a drastic manner which has no parallel in the history of Canadian political life.

It came about this way: Mr. Carroll, the Liberal member for South Cape Breton, was speaking on the naval bill the first day the new rules limiting speakers to twenty minutes became operative. Mr. Carroll had finished his twenty minutes and was proceeding, when the chairman called him to order, remarking that his time had expired. Mr. Borden suggested, as a matter of courtesy, that Mr. Carroll might continue his remarks with the consent of the House.

The following is the Hansard report of what followed:

Mr. Pugsley: "There is no rule."

Mr. Carroll can continue his remarks as a matter of right."

Mr. Borden: "I understand there is a definite rule of the House on this subject, and I do not think that my hon. friend (Mr. Pugsley) mode of treating what I intended to be a courteous suggestion is very commendable."

Mr. Pugsley: "I seriously believe there is no binding rule. There was a resolution, carried by the majority, in which the minority had no opportunity to make amendments or suggestions. I say it is not a rule of this House, but simply a tyrannical resolution of a majority of this House."

Dr. Clark (Red Deer): "I think the Prime Minister is, as usual, extremely courteous. I totally disagree with my hon. friend from St. John (Mr. Pugsley) when he says there is no rule. The rules have been passed, and they are now the legal rules by which debate is conducted in this House. I totally disagree with my hon. friend."

Later on in the debate Mr. Nesbitt of North Oxford allied himself with Dr. Clark in opposing the Pugsley policy that rules of the House should be ignored if they were not to the liking of members of the opposition.

This public snub on the part of Dr. Clark and Mr. Nesbitt horrified the passing of Pugsley from the battle for the leadership. And through it all Sir Wilfrid Laurier sat with impressive face.

If the Senate throws out the Navy Bill, it will not be because it is "hasty and ill-considered" legislation. The obstructionists in the House of Commons have robbed them of that excuse by talking on the subject for four months.

The Liberal press used to sneer at Mr. Borden as Sir Wilfrid Laurier's "hired man," because he drew \$7,000 a year as leader of the Opposition. In answering the question by Dr. Edwards, the government has announced that Sir Wilfrid Laurier is now drawing that salary. Will the Liberal press please republish its editorials on this question, transposing the names?

The Liberals in the House of Commons are now calling on the Senate to throw out the naval aid bill. Last year, at the bidding of Laurier, the Highways bill and the legislation creating a tariff commissioner were knifed by the Liberal majority in the upper house. If the Senate wishes to light the fires which will bring about its own destruction, it cannot do better than follow the advice of Laurier.

If Laurier and his followers think the electors are interested in their foolish cry of "tax," they are much mistaken. The country has long since taken the measure of these gentlemen, who have discredited the proceedings of parliament, and by their willful obstruction blocked public business until the machinery of the House of Commons was disorganized and thrown out of gear. The people welcome any amendment to the rules which will forever put a stop to senseless obstruction, and permit the business of the country to be carried on sanely and with dignity.

Mr. Borden has fulfilled more than a promise in fifteen months than Laurier did in fifteen years.

It must be inspiring to the Liberal party in the country to think that the actions of their representatives in Parliament have pleased every enemy of the British Empire the world over.

"If Laurier wishes to regain" the confidence of the people, he must first realize—however distasteful that realization may be—that this country is British and has every intention of remaining so.

Judging by the magnificent budget presented by Hon. W. T. White, Minister of Finance, Canada has entered upon a new era of prosperity under a safe and sane Conservative administration.

The much-heralded defiance of the new rules of Parliament on the part of the Liberal blockers fizzled out completely. The Separatists are leave with their tongues but that is the limit of their bravado.

Laurier is boasting in Parliament his obstruction tactics, and declares he should be regarded as a hero. And that is the man who calls upon the Canadian people to fall down and worship at his shrine.

Let our readers recall what they read in certain Liberal papers and recalled what has happened and make comparisons. It will help them to decide what confidence to place in those Liberal papers in future.

It remained for the most flagrant offenders of the rules of Parliament to try to censure the Deputy Speaker for alleged violation of the rules. The blockers would not be so offensive if they were not so pitiful.

And just to think that Canada has just concluded the most prosperous year in her history with Laurier and other heaven-born leaders, adorning the opposition benches. Surely Providence has played a most sardonic joke!

What an old-fashioned financier the present Finance Minister is. He actually applies over twenty million dollars to a reduction of the National debt. This is the minister whom we were warned to suspect by the Liberal press.

The Liberal party put up the duty on cement and protested a merger. The Conservative party has out the duty down. And yet the Opposition at Ottawa has the iron nerve to talk about the duty on cement in control of the Government. The people of Canada who judge a party by what it does will not bother much about the wails of the Liberal sore-heads.

Laurier and his supporters in Parliament must not be surprised if the people chastise them for making of a great question of national duty a political football. Canadians are loyal to the motherland, and the Liberals under the hybrid leadership of Laurier, Pugsley and Galt, who have once more failed to gauge the national sentiment. The people want continued British connection not separation.

The Prime Minister erred on the side of leniency when he saved Dr. Clark, M.P., from the result of his unseemly defiance of the Speaker on March 15th, when he was expelled from the House. The ordinary result of such procedure would be his suspension from the House, but Dr. Clark saved him from that humiliating position. The Red Deer member was alleged to have expressed his gratefulness to Mr. Borden for his considerate intervention, but if so, he did not show it at the Toronto meeting, where he made sport of the whole affair, and ridiculed the Speaker's action. The kindness of the Prime Minister was wasted upon him. For we notoriously do not do Parliamentary procedure and decorum, he who boasts of his regard for British Constitutional practice.

MINISTER PRAISES ZAM-BUK.
Tells How It Cured His Wife's Bad Sore.

Wh. a Everything Else Had Failed. Rev. Henry J. Munton, of Blackfield, Alta., writes: "My wife had a very bad sore foot, which it seemed impossible to get anything to heal. She was unable to walk, and at a certain point and then fester again, and so on. I procured a box of Zam-Buk, and after persevering with this herbal balm for some time the sore was completely healed."

"We were so grateful for this cure, and Zam-Buk acted so differently to any other of the numerous remedies we had tried, that I thought you ought to know of this case. I have since recommended Zam-Buk to several of my parishioners, and it always gives satisfaction."

Another instance in which Zam-Buk proved of unequalled value is told by Mr. N. L. Gerry, of Braxton, Man. He writes: "I had my left foot run over by a wagon loaded with wheat. The foot was very badly crushed, and my little toe and the next toe were laid open. I applied Zam-Buk, and only had to miss work for two days. Zam-Buk healed the wound so quickly that on the third day I was able to put on my boot, and walk in a work. In a very short time my toes were quite healed, and the foot is now as sound as ever, thanks to Zam-Buk."

Just as good for chronic sores, ulcers, piles, blood poison, burns, scalds, eruptions, eczema, and all skin injuries and diseases. 50c. box at all druggists and stores, or Zam-Buk Co., Toronto. Try Zam-Buk Soap, too. 25c. per tablet.

Many farmers never send for a doctor from one year's end to another.

But this is not a sure indication that they and their families are perfectly healthy.

"You-for instance—may not have had the doctor for years. Yet it is safe to say that you DON'T always feel fit and well. Many days in the year you don't feel like working. You may not have to stop in bed but you DON'T feel just right."

That miserable feeling is usually caused by indigestion, Dyspepsia, or Bilelessness.

You would welcome relief if you could get it—wouldn't you? Well, you can get relief—any time you need it—quick and positive relief. Take 15 drops of Mother Seigel's Curative Syrup and the great English remedy for ALL stomach disorders. It will set your stomach RIGHT and KEEP it right. It's almost purely herb. It's Nature's own remedy for sick stomachs. It has been used in England for over 40 years. There it is the Standard remedy for weak digestions.

Get Mother Seigel's Curative Syrup. Take it regularly. Note the fine improvement in your health.

Price, \$1.00. Trial size, 50c.

Farm Life and Health

The regular meeting of the City Council was held on Thursday evening last, with His Worship Mayor Galbraith in the chair, and all members present except Alderman Murray.

CORRESPONDENCE.
L. J. Porter asked that the slough west of Parkvale be drained south into creek near exhibition grounds. Engineer and Commissioners will report on feasibility.

The City of Calgary asked co-operation of Council in efforts to persuade government to build a provincial home for indigents.

Correspondence was read from N. White re drainage of his property, Gazette Ave. North. The Solicitor wrote Mr. White has good cause for complaint owing to water not being drained off. The Commissioners and Engineer will investigate.

The International Brotherhood of Maintenance of Way employees thanked the Council for use of hall for meeting.

The Engineers wrote they had notified the Forest City Paving & Graveling Co. to complete the City Ave. South sidewalk, curb and gutter before proceeding with other work, and also to fix up defective work.

THE CITY COUNCIL

The regular meeting of the City Council was held on Thursday evening last, with His Worship Mayor Galbraith in the chair, and all members present except Alderman Murray.

CORRESPONDENCE.
L. J. Porter asked that the slough west of Parkvale be drained south into creek near exhibition grounds. Engineer and Commissioners will report on feasibility.

The City of Calgary asked co-operation of Council in efforts to persuade government to build a provincial home for indigents.

Correspondence was read from N. White re drainage of his property, Gazette Ave. North. The Solicitor wrote Mr. White has good cause for complaint owing to water not being drained off. The Commissioners and Engineer will investigate.

The International Brotherhood of Maintenance of Way employees thanked the Council for use of hall for meeting.

The Engineers wrote they had notified the Forest City Paving & Graveling Co. to complete the City Ave. South sidewalk, curb and gutter before proceeding with other work, and also to fix up defective work.

Geo. Bell, Chief of Police, tendered his resignation.

Charles Anderson wrote accepting position of Chief of Police, duties to commence June 2.

Athabasca Landing school district informed the Secretary that the only bid for \$40,000 six per cent. debentures received was from the Western School Supply Co. of Regina at a little over 91, which they accepted.

Oster, Hammond and Nanton, Winnipeg wrote they had taken the C. P. right-of-way through Red Deer up with the Company, and wanted the City to impress on the railway company the importance of keeping open certain streets and also to provide for a sub-way at a future date on Ross Avenue. This, of course, the Council has already attended to.

A. A. Julian-Sharman wrote from Ottawa, May 13:

"Under instructions from Mr. Michener I wired you as follows last night:

"With City permission, armory 110 x 60 to be located east and west in centre of east end of City block. Get Dave to send Director Engineering Services, Militia Department, Ottawa, a plan showing sewer, water and electric light services. Tenders will be called for immediately on receipt of these particulars."

"To make sure of there being no mistake, a sketch was drawn up that would be acceptable to Col. Michener. He has given us a nice design to help us along in the carrying out of our civic centre scheme. Mr. Michener has gone to Toronto, but I am staying until I get the little details in connection with post office settled. It would have taken months, if not years, to get the building under way if Michener had not come down here personally. The enlarged building will cost between \$80,000 and \$100,000, of which \$50,000 can be actually spent this year—Yours faithfully, C. A. Julian-Sharman."

Canadian Oil Companies, Limited, desired to know if the City contemplated sprinkling the streets with oil to prevent dust.

Leithbridge desired a copy of gas by-law filed.

Rev. Mr. Bell addressed the Council, asking permission to erect tent for service, on Town Square, for a couple of weeks.

The Mayor said the Council would deal with the question and let him know result.

COMMISSIONERS' REPORT.
The Commissioners brought in the following report, which was adopted without amendment.

After consultation with Engineer W. E. P. Phipps was appointed inspector on cement walks to be laid this year. He has been on the job since the contractors commenced laying the walks.

The waste paper cans have been finished and placed on the street corners. More will be ordered if required. We gave the order for painting them to W. E. T. Trump at 50c per can. H. G. Stone's price was \$1.50 each.

The suction pipe to the wells at the intake have been lowered about four feet and the screen installed in one of the wells from which the supply for the city is now drawn. The screen in other well is nearly completed, and when this is done both wells will be covered. Engineer Dave is arranging to have the mains flushed and chemicals used to clear the pipes of any bacteria that may have lodged there. The Medical Health Officer was consulted as to the best method of doing this work.

We recommended that the bath be used to have the old intake hauled cleaned out and recovered so that it may be used in case of emergency. It may not be possible to do this before the end of the year.

We submit herewith report of Fire Chief Meeres on the condition of the old part of the Alberta Hotel, and would ask your instructions in this matter.

The first section of the uniform building code has been received, and the other section will be here in a few days. We would respectfully suggest that the Council deal with this at special meetings or appoint a committee to do it, as some changes are necessary to meet our requirements.

Greene & Payne reported that the City is not bound to furnish drive- ways across the cement walks and boulevards to private property except at the expense of the owner. On this advice, and on the

practice adopted in other cities, we have required owners of property, who wished to have crossings laid to their property, to sign an application agreeing to pay the additional cost of these crossings. We submit letters from Greene & Payne and John Quigg on the matter.

We would respectfully suggest that you appoint an siding surveyor to act until the end of the year during any absence of the Mayor.

We have ordered a sample of a new hydrant on the recommendation of Fire Chief Meeres. We recommend that we be authorized to have the hydrant on Victoria Ave. moved to the street, where it will give better fire protection to the Hospital and the Cement Buildings property, and to have a new hydrant installed at the corner of Gazette Ave. and Victoria St. which will give protection to Piper's plant.

We recommend that we be authorized to have a manhole built at the west end of 5th St. N. near the creamery. At present it is impossible to flush the sewer, and at times the connection from the creamery becomes blocked.

We have ordered the following material: 1 minimum car of about 3300 feet of 24 inch sewer pipe from Red Wing Sewer Pipe Co. at 113c per foot F.O.B. Red Deer; 50 sets extension valve box castings from Western Foundry and Metal Co. at \$1.00 per set; 200 lbs. of lawn grass seed from Wm. Brown, at \$2.00 per pound. Tenders for these are submitted. Kewitch.

We would ask the Council to set a date for the Court of Revision to meet. The earliest day it can be legally held is Monday, June 9th.

Work has been commenced on re-covering the bridge approach. It is necessary to form part of the roadway while the work is being done, but traffic will be interrupted as little as possible. About 10 days should finish this work.

We placed the order for debenture forms with the Herald Western Company of Calgary at \$180.00. The American Bank Note Co. of Winnipeg quoted the same price, and Ballman & Co. of Winnipeg \$300.00. Quotations submitted herewith.

We submit herewith the report of the Medical Health Officer for April, also a letter drafted by him to be sent to other cities and towns re regulation of tuberculosis cases.

The walks across the boulevards are being laid on 5th St. N. The trees have been set on the boulevard, and the grass seed will be planted at once. The leveling of the east part of the cemetery will be completed this week.

The resolution of the Council re armory site was wired to Mr. Michener of Ottawa but, as he has left there, it was repeated to the Militia Dept. at Ottawa. The plans asked for were prepared by Seymour & Gave and forwarded to Ottawa on the 10th inst.

The joint committee on Hospital matters met and agreed on a plan for future management. Mr. Greene was asked to prepare a report which will be submitted later to the Council and Hospital Board.

Owing to reports that some people of North Red Deer were dumping garbage into the river above the intake, the Health Inspector was instructed to notify the persons that a repetition of the offence would result in prosecution.

The engineers report that it is necessary to move the market scales. We have discussed the matter with the Engineer, Chief Meeres, and recommend that we be authorized to have the scales moved to the west side of the fire hall.

We have instructed the manager of the Methodist Board to have their Toronto solicitors press Goldman & Co. for payment of their draft which was due on the 21st inst. and not paid.

We submit herewith accounts for your authorization to pay. All of which is respectfully submitted.

F. W. GALBRAITH
A. T. STEPHENSON
Commissioners.

ACCOUNTS.
The following accounts were passed:

City of Red Deer, \$12.75; Dr. P. A. McFawn, \$4.50; Herald Publishing Co., \$1.50; Cushing Bros., \$433.55; Alberta Garage, \$7.00; Geo. Bell, \$100.00; Jos. Wallace, \$21.00; Wm. Remie Co. Ltd., \$56.00; Craton Novelty Co., \$5.75; J. Heath, \$2.00; Garrison Brass Machine Works, \$13.00; G. H. Lindsay, \$13.45.

Moved by Aldermen Smith and Lord—That application of Rev. Thos. Bell for permission to erect a tent on City Square, be granted. Carried.

Moved by Aldermen Carscallan and Butterill—That the resignation of Chief Bell be accepted. Carried.

Moved by Aldermen Butterill and Carscallan—That a copy of the Fire Chief's report on the Alberta Hotel be forwarded to the Alberta Hotel of Red Deer, Limited. Carried.

Moved by Aldermen Carscallan and Lord—That the Council meet as a Court of Revision on the assessment roll for the year 1913 on Tuesday, the 10th day of June, 1913, in the Council Chamber at 2 p.m. Carried.

Moved by Aldermen Lord and Smith—That Aldermen Carscallan and Butterill be appointed acting Mayor to act during any absence of the Mayor during balance of the year. Carried.

Moved by Aldermen Smith and Carscallan—That whereas under the present Health Act no provision is made for the restriction of tuberculosis of the lungs, and realizing the urgent need for action in this matter, we suggest to the local Boards of Health throughout the province, and the Provincial Board, either jointly or simultaneously, asking them to take the question up with

NOTICE

TO CHARLES MANS

TAKE NOTICE THAT an action has been commenced against you by the British and American Mortgage Company, Limited, in the District Court of the District of Wetaskiwin, whereby the Plaintiff claims payment of the sum of Four Hundred and Sixty-Eight (\$468.) Dollars and Forty-Eight (48) Cents together with interest thereon from the Twenty-fifth day of November, A.D. 1912, at the rate of Eight per centum annum and the costs of this action or an order that your interest in the South-West quarter of Section Thirty-Four (34) in Township Twenty-Six (26) in Range Twenty-Four (24) West of the Fourth Meridian, lands situate in the Province of Alberta, be foreclosed, and that the said property be vested in the British and American Mortgage Company, Limited.

AND FURTHER TAKE NOTICE THAT you are required to enter an appearance with the said clerk of the District Court of the District of Wetaskiwin on or before the 30th day of July, A.D. 1913, pursuant to the order of the Master in Chambers, dated the 5th day of May, A.D. 1913.

AND FURTHER TAKE NOTICE THAT unless you enter an appearance with the said clerk on or before the said date, judgment may be signed against you by default and your interest in the said lands may be foreclosed.

W.C.T.U. COLUMN

(Continued).

Mottoes:
"A white life for two."
"Every child has a right to be well born."

"Save the children and you save the nation."
It is indeed a cause for profound thankfulness to God, that there is a marked increase in interest in this department of our work, not only in our own organization, but throughout the Christian world generally.

In very many of our societies fifteen or twenty years ago, it was quite impossible to introduce anything in regard to the traffic in women and girls. The merest mention of many of the topics which are now freely discussed, would be coldly met, and oftentimes completely frowned down.

Charlton Edholm, the World's Woman's Christian Temperance Union Superintendent, at that time, twenty years ago, wrote a book, entitled, "Traffic in Girls, and Florence Crittenton Missions," and those to whom we lent our copy of the book, the statement, almost invariably returned it with this exclamation, "I do not believe it is true!" or this, "I only read a very little of it; I could not, it is too horrible to read or to believe!"

Edholm's book contains the findings of the famous Secret Commission. This commission was composed of the members of the staff of the "Hall Mail Gazette," who, a few years previously had shocked the Christian world of London by showing, because of the possibility of a doubt that an "underworld" of vast proportion existed in the world's metropolis. Since that time, the horror has deepened by the discovery, through various agencies, that this diabolical business of destroying the bodies and souls of girls exists in every country, and in all of our large cities, and even in rural communities.

Our organization has been deeply interested in the subject of social purity for many years, and has worked along both indirect and direct lines for the abolition of this worst possible form of slavery. The general idea of the Woman's Christian Temperance Union for the abolition of the dram shop may be said to be indirect work for the destruction of the traffic in girls. But looking at the question more carefully, it is not such indirect work as it may appear at first sight, for it is a fact cognizant to all that the bar and the saloon have been the most prolific sources of evil in our society. Our society, however, has done much direct work for the uplift of fallen humanity, and along preventive and educational lines is preferably striving to keep the young from falling.

We all should be seriously thinking, and prayerfully planning to secure the removal of sex hygiene from schools. Knowledge is power. Ignorance is not innocence. If the next generation is to be an improvement on the present, the boys and girls of the twentieth century must know themselves as well as to acquire a vast amount of information on various and varied topics, useful and otherwise.

A genuine revival of the White Cross Society for men and boys, and the White Shield Society for women and girls, would accomplish untold good.

Our Mothers' Meetings, not of the charitable order, but educational gatherings along the lines of this Department, ought to be multiplied many times throughout Canada. Suitable leaflets may be obtained for both sexes, and all ages. The leaflet, "Girls, Beware!" by our own Mrs. Waycott, should be in the hands of the girls all over Canada. Application should be made for the number of copies required by any union. It is greatly to be desired that each local union devote at least one meeting a year to this department.

THE TOLLING CHILDREN.
(By William Wallace Whitlock)
We never see the blue sky
From out some country lane.
We never watch the clouds sail by
Above the waving grain.
We never hear at close of day
The birds grow quiet in sleep.
We never run, we never play—
We only toil and weep.
The dark cold night has hardly fled
Ere we are set to work,
With weary fingers, aching head—
But, ah! we dare not shrink—
"Work fast! Work fast!" our parents cry.
And though our tears flow free,
We choke them back, for if we cry
Our task we cannot see.
We are so young, the day's so long,
Yet there's no time to smile.
Or make believe, or sing a song—
And, oh! to sleep a while!
But, no, we do not dare to pause.
They beat us if we do—
Oh, tell us, are there then, no laws
For little children, too?
We only ask a little play,
A little youth and zest,
A little time for fun each day,
A little sleep and rest.
We're always hungry, often cold.
Oh, let us stop, we pray!
It cannot be that God's been told
How long we work each day.
—New York Times.

Wicked Marriage Market of Ancient Babylon

The Very Spot Where the Beautiful Daughters of Babylon Were Put Up On the Auction Block Uncovered By the German Expedition Which Is Digging Up the Greatest City of the Past.

The site of ancient Babylon's marriage market, the peculiar auction at which the old Assyrians put up their daughters for the highest bidder, has just been uncovered by the German Oriental Society, which is digging the ruins of the city out of its encroaching sands. The market is one of the traditions of the splendid and sinful metropolis which has stuck in the memory of mankind for ages. Herodotus, that interesting and gaudy old Greek, who has been called the "Father of History," speaks of it, and the phrase is hard worked in the newspapers and fictionist vocabularies of the present day.

The Oriental Society, cutting down forty feet to the pavement of ancient Babylon, ran a shaft along the Royal Quarters, where the palaces of Nebuchadnezzar and Belshazzar stood. In doing so they stumbled across the ruins of the marriage market. They found still intact the carved rostrum on which the auctioneer stood and knocked down the beauties of Babylon. The market itself occupied a rectangle of 150 by 100 feet. It was open to the air on all four sides, but most probably sheltered from the sun by rich silken awnings devised to shelter the women and to bring out their charms. The block upon which the daughters of Babylon stood while being bid for was in the centre of the spectators, and is richly carved with Kurbus, who worship and protect the Babylonian Tree of Life. Inscriptions discovered leave no doubt that this was the actual marriage market of Babylon.

While the marriage market has been called a wicked custom, it has served for countless sermons as a warning, it had some very excellent points. The daughters were not sold into slavery, but into honorable wives. If a woman had no choice, and the element of bidding is probably repugnant to many women of to-day, but the customs of the times were different, and it is extremely likely that the Babylonian girls looked forward with much delight to the day when they would be given to someone who cared enough for them to pay large sums for them.

Besides that, the sale of the beautiful daughters enabled the ugly ones to get married, and this in a very real sense was the worst of it. The daughters were given as dowries for the ugly ones.

Herodotus says once a year the maidens of age to marry in Babylon were collected at the marriage market "while the men stood around them in a circle." Then a herald called up the damsels one by one and offered them for sale.

"He began," continues Herodotus, "with the most beautiful. When she was sold for no small sum of money he offered for sale the one who came next to her in beauty. All the bidders were to be sold as wives. The richest of the Babylonians who wished to wed hid against each other for the lowest maidens, while the poorer wife seekers, who were multiplied about beauty, took the more homely damsels with marriage portions."

"For the custom was that when the maidens had gone through the whole number of the beautiful damsels, he should then call up the ugliest—a cripple if there chanced to be one—and offer her to the men, asking who would agree to take her with the smallest marriage portion. And the man who offered to take the smallest sum had her assigned to him. The marriage portions were furnished by the money paid for the beautiful damsels, and thus the fairer maidens portioned out the uglier. No one was allowed to give his daughter to the man of his choice, nor might any one carry away the damsel he had purchased without finding bail really and truly to make her his wife. If, however, it was found that they did not agree the money might be paid back. All who liked might come, even from distant villages, and bid for the women."

Herodotus also says that this was a general custom throughout ancient Babylonia. The Babylonians had another unique philanthropic habit. If men were taken ill in the street, every passerby had to stop and ask him what was the matter with him. Being told, it was incumbent upon the passerby, if he had ever had the same ailment, if he had known any one who had the ailment, to tell the sufferer what had cured him or what had cured another.

The tradition does not tell us what was the result of this wholesale prescription, but if a sufferer could prove that a man or woman had passed him without giving him the benefit of their knowledge, he could collect heavy damages.

Greatest Animal Circus in The World Here To-day

The Al. G. Barnes' Big 3-Ring Wild Animal Circus will spread its massive tents in Red Deer on Wednesday, May 28th, and present two complete performances, afternoon and night, preceded by a big street parade in the morning at 10.30 a.m.

If you are a small boy, there is no need to describe the clutch of joy, the ticking tug at the heart strings that answers the ring of those magic words "circus day." Any one who doesn't respond to one or the other of these calls lacks something to make a red-blooded Canadian citizen, for the circus is the most characteristic of Canadian entertainments, of the big, hearty, daring, blood-curdling, hair-raising type that jogs the slow pulse of the big and little. And, by the way, have you noticed how many fond mothers and fathers, aunts and uncles, it takes to properly escort one small boy to a circus. There are many people who maintain that all circuses are the same, but the Al. G. Barnes' Wild Animal Circus is in a separate and distinct class by itself. It is one show that exhibits what it advertises.

Much has been said about the originality of the performance of the Barnes show, but it is hard to describe a show of its unique character. There is all the pomp and splendour of the circuses we have known, the grand entry or parade of performers and horses, with all the tinsel, glitter and inspiring music. But when the show starts there is a weird departure from the stereotyped routine which has prevailed since the earliest days of tent shows. Instead there is presented a programme of acts divided into three parts, the principal participants being animals of all kinds. All work with a dash and at such high speed that there is not a dull moment from the time the big troupe of twenty-two bears of all kinds upon the bill, until the final group of twenty full grown African lions, give their last roar. It also has been Mr. Barnes' one ambition to originate and produce a form of entertainment that, while retaining the old-time thrills and dash of days gone by, the audience of today can now see the newer and more modern achievements that have taken years of patience for Mr. Barnes to obtain. For well he has secured the press of the United States and Canada in general can bear witness. All unite in commending the excellence and cleanliness of the performance.

It also has been Mr. Barnes' chief boast to say that he can always give the audience the territory that has once played and be more than welcomed.

U.F.A. Edwell Union No. 53

A crowded meeting of this Local Union was held in the school house on Monday evening, May 19th last, when a considerable amount of business was done. After the minutes had been adopted, 22 new members were elected, viz: F. Eger, of Hill End, proposed by H. Gulliver, and Basil Evans, of Edwell, by W. P. Kibbey. Considerable discussion took place on the supply of wind twine, and it was resolved to accept the offer of the Massey-Harris Co. of Red Deer for 550 ft. Plymouth twine at 11¢, and the Secretary was instructed to ascertain the quantities required and notify the Company.

After all this had been settled, the picnic was held on the board, and several sites proposed. It was finally decided to hold it on June 11th (Wednesday) 1913, at Mr. Comer's place, on the southeast corner of section 25-36-26, when it is hoped that there will be a big turnout, as it is the intention of this Union to try and make this picnic a banner one. Every member is requested to come and bring all his friends. Any member willing to assist in fixing up the grounds is requested to be on hand on Saturday, June 8th, and, if the weather is unpropitious, on Monday, June 9th. A very influential sports committee was appointed, so there is no doubt a good programme will be arranged. The committee is as follows: J. F. Day, W. E. Piskey, H. A. Crocker, H. Graham, and H. Gulliver. The following members were appointed to look after the menu: Ice cream, etc., J. Comer; fruit, candy, cigars, etc., F. E. Ellis; and last, but not least, rare and refreshing drinks, W. Gummere. The superintendent of the cup that cheers but not enebriates, viz., the tea pot, will be undertaken by the President, now, boys, roll up and do your duty to the Local Union, as if any one has any suggestion to make, just phone me or write and I will put it to the committee.

R. J. Powell, Secretary-Treasurer.

FROM RAW MATERIAL TO FINISHED PRODUCT

Compelling Americans to Spend Money in Canada Instead of Taking It Out

The United States Steel Corporation will establish a \$20,000,000 plant in Sandwich, Ont. The Canadian Customs Tariff is forcing the corporation to spend money in Canada instead of taking it out.

If Free Trade between Canada and the United States existed, the Steel Company would build the \$20,000,000 plant in the United States, would attract our raw material and workmen to that plant, would transform the raw material into finished products, which would be shipped into Canada, and would retain all the profits connected with the various processes of manufacturing.

Forced across the line by the duty, the company will spend \$20,000,000 in Canada, will bring to Canada many skilled workmen with their families, will give employment to hundreds of Canadians, will change Sandwiche from a village to a city, will create a market for the produce of the surrounding farmers, and will sell "Made-in-Canada" goods to Canadian consumers.

EDMONTON'S GROWTH

A Stable Trade Policy Has Caused All-Round Development

Western Canadian industrial centres are speedily coming to their own under the aegis of the industrial policy of moderate protection which stimulates the creation of manufacturing establishments on western as well as eastern Canadian soil.

Commercial, industrial and financial enterprises in Edmonton made greater gains in 1912, the largest in the city's history, than in any two years previously, according to statistics quoted by H. Milton Martin, retiring president of the Edmonton Board of Trade. There is every indication that proportionate gains will be made this year. The percentages of increases for 1912 over 1911 are as follows: Building, 250; general business, 125; customs house returns, 113; bank clearings, 83; manufacturing, 75; postage stamp sales, 40. Permits for 2,611 dwellings, 101 warehouses, 117 stores, 20 office buildings, 15 factories, 11 apartment houses, 15 schools, four theatres and four hotels, involving a total expenditure of \$14,446,819, were issued in 1912, Mr. Martin said, adding:

"Fourteen wholesale firms began business during 1912, giving a total of 63 now maintaining warehouses and carrying stocks. We also have 50 industrial establishments paying \$46,834 a week to 3,232 employees. Several concerns are building, and expect to begin operations this spring. The railroads operating in Edmonton have monthly payrolls of \$100,000. This is exclusive of the hundreds of thousands of dollars paid by contractors. The bank clearings amounted to \$220,727,622, as against \$121,438,394 in 1911 and \$71,632,115 in 1910."

ROOM FOR EXPANSION

The Lesson for Canada in American Export Manufactures

The exports of manufactured goods from the United States are assuming tremendous proportions. The following table shows the growth in some of the principal items in ten years:

	1902	1912
Iron and steel	\$23,000,000	\$239,000,000
Copper	40,000,000	106,000,000
Leather	25,000,000	53,000,000
Wood	40,000,000	84,000,000
Ra. Min. Oils	51,000,000	97,000,000
Agri. Impls.	16,000,000	35,000,000
Electrical App.		
& Sclon. In.	5,250,000	16,000,000
Cars, Carriages	8,000,000	33,000,000
Automobiles	\$1,000,000 (10 months)	\$21,000,000 (10 months)

It will be seen from the above list that most of these products are made in Canada and the figures afford food for reflection as to whether or not it is wise for a young country like Canada to be sending out of the country vast sums of money for goods which under favorable conditions should be made in this country.

B. F. Ackerman, Peterboro, Ont. contemplates erecting a wholesale distributing warehouse for harness and horse clothing business, in Red Deer, Alta.

DIVERSIFIED FARMING ONLY SAFE COURSE

Continuous Cropping Robs the Soil of Its Fertility and Results in Failure

It is a sad thought that the same process of soil exhaustion is going on in Saskatchewan that robbed the Dakotas and all the populated Western States of the fertility that had been stored for man's use through the ages. Could man see the absurdity of continuing the system that stored up fertility, and then, in years to come, raising a number of minimum crops that do not pay expenses until he has run deeply into debt, possibly mortgaged his home; and then struggling through years of adversity to reach the barren land that older communities finally reach, namely, diversified farming, he surely would show himself a much wiser man. When men are raising maximum crops, if they would be careful to raise and buy all the young stock, colts and calves, that they can, it would not be long before they would see the necessity of preserving all the straw, for the use of the stock, as feed and bedding. Naturally they would be compelled to put the manure back on the land, and before they realized it they would be raising special crops to feed and fatten their growing animals, and thus find themselves diversified farmers without having gone through the wheat sweat, or lost the fertility of their farms, and therefore never, forced into the necessity of raising minimum crops. The rich farm is a great asset for anyone who tills the same, but a poor farm keeps one slaving to make both ends meet. Most men know this, but are unable to grasp the importance of keeping up the fertility rather than exhausting and then rebuilding. Ultimately the present owner or some future buyer must put back the present fertility. If the lands are to be permanently cultivated; therefore, we are in hearty sympathy with the efforts of both state and Dominion governments and especially the agricultural press, in all they are doing to increase the importance of diversified farming upon the settlers who have taken up these rich lands on these wide spreading prairies.—Mr. John R. Lowe in the Saskatchewan Farmer.

DRIVEN FROM ENGLAND

By Free-Trade, Noted Lace Manufacturer Starts Factory in Hungary

A well-known lace manufacturer of Nottingham, England, in the person of Mr. A. Metheringham, who resides at Chilwell, near Nottingham, has left for Rooh, Hungary, where he is transacting the whole of his lace-making business in order to get inside the tariff walls. In the course of an interview just prior to his departure Mr. Metheringham declared in a most emphatic manner: "I have been driven abroad by Free Trade. Under present conditions in this country I haven't much faith in its future. We find ever-increasing difficulties in getting our goods into a foreign country, owing to the prohibitive tariffs, whilst the competition from abroad in the home and neutral markets becomes keener every year."

Mr. Metheringham's factory is a huge three-story building capable of housing 24 of the latest type of lace machines, 250 inches in breadth, accommodating a staff of 400 hands in making lace, bleaching, dressing, and finishing the article from beginning to end. The site, however, which the Hungarian Government have given is capable of accommodating six mills equally as big. In addition to making a substantial cash grant towards the expenses of removing the machinery from Nottingham, they have freed the new mills from local taxation for ten years and Imperial taxation for fifteen years. Not only that, but, as a start, the Hungarian Government have offered Mr. Metheringham a very large order for curtain lace used as antimacassars in the carriages on the State railways; the only proviso they make is that after two years a substantial percentage of Hungarian workpeople shall be engaged in the industry.—Draper's Record, London, England.

The Maple Leaf Milling Company are erecting a flour mill with a capacity of 3,000 barrels per day and an elevator of 300,000 bushels capacity in Medicine Hat, Alta.

Additions which will cost \$15,000 are being made to the factory of the Saskatchewan Glass Supply Co. Moosejaw, Sask.

The Huber Manufacturing Co. Marlon, Ohio, will erect an implement warehouse and offices costing \$60,000 in Regina, Sask.

A flour mill is being erected in Moosejaw, Sask., by the Union Mill Co., Minneapolis, Minn.

A new wholesale grocery and fruit house is to be erected in Brandon, Man.

The Redcliffe Rolling Mills and Roll Co. are erecting a plant at Redcliffe, Alta.

FACTORY GROWTH

The Census Figures for Canada Show Increase in Ten Years

The census returns of the manufactures or factories of Canada are now being made public by the Statistics branch at Ottawa. The figures indicate a growth that far exceeds the most extravagant estimates during the recent trade discussions. In ten years the number of factories increased nearly 83 per cent; capital invested, almost 180 per cent; number of employees, 60 per cent; salaries and wages, 110 per cent, and products 140 per cent.

	1900	1905	1910	over 1905
Establishments	14,550	15,790	19,200	47%
Capital	\$445,916,487	\$846,585,000	\$1,345,745,496	47%
Employees	839,173	856,000	1,345,745	44%
Sal. & wages	118,249,350	184,376,000	240,523,651	79%
Products	451,063,875	718,352,000	1,164,775,533	63%

Concrete is the cheapest building material

Canada Cement

which Canadian farmers use, with their own sand, stone and gravel to make concrete, is the only ingredient you have to buy.

We have, by reason of our large output and scientific methods, been able to bring the price of "Canada" Cement so low that it is within the reach of everyone.

An increase in demand results in a greater economy of production, and when conditions have warranted it, we have, from time to time, shared this saving with the consumer by reducing the price of Canada Cement. This demand will continue to increase—as fast as farmers learn of concrete's superiority over other materials.

When you buy cement, see that you get "Canada" Cement; by so doing you will assure the complete success of all your concrete work.

Send a post card for our book "What the Farmer Can Do With Concrete." It is free.

There is a Canada Cement dealer in your neighborhood.

Canada Cement Company Limited - Montreal

An excellent programme of vocal and organ music at the Methodist Church, to-night. Admission only 25c.

Plenty of attraction in town to-night, but the best and cheapest will be at the Methodist Church. Come and enjoy the music.

B.V.D. and Porous Knit underwear at Brown's Toggery.

\$5.00 trimmed hats for \$2.00 at Mrs. Jarvis', over T. A. Gaetz store.

Pipe-organ solos, vocal solos, duets, quartets and choruses by a choir of fifty from Central Methodist Church, Calgary, in the Methodist Church to-night.

Local and General

Mrs. L. M. Gaetz will not receive again this season.

Mrs. H. A. Bradfield and daughter left for Ontario last night.

J. E. Cunningham and wife returned from Calgary yesterday.

A. G. Bullock, wife and child returned from a five months' trip to the Old Country on Saturday last.

The Edmonton Croquetists visited Pine Lake on Saturday last to play the local team, and were beaten by 30 runs.

Rev. Keith and E. R. Edmond left last night for Toronto as delegates to the Presbyterian Convention at Toronto.

The regular meeting of the W.C.T.U. will be held in the school room of the Methodist Church, Friday, May 30th, 3.30 p.m.

Mrs. Fred Lund and children leave tonight for a three months' visit to J. B. Lund and relatives in Los Angeles, San Francisco and other points in California.

A. H. Ilsey and wife, of Castor, were in the city yesterday, visiting Mrs. Ilsey's parents, Mr. and Mrs. Joseph Wallace, before proceeding to Hamilton and Toronto, Ontario.

The Dorcas Branch of the W. A. of St. Luke's Church will hold a ten cent tea and sale of aprons and home-made goods at the Parish Hall on Saturday, May 31st. Open 3 to 8.

Do not fail to attend the musical recital given by Mesdames Hope, Howker and Quigg, in the Presbyterian Church, Red Deer, on Tuesday, June 3rd, at 8 p.m. Tickets, 25c each.

Luther McCarty, the white heavy-weight champion boxer of the world, dropped dead in the ring at Calgary on May 21st, while boxing with Arthur Pelky. The incident has caused quite a sensation throughout the Dominion.

Fred Lund, one of our best local shots, visited Edmonton on May 24th and took part in the open competition of the Edmonton Gun Club, and was successful in winning one first prize, two second prizes and two third prizes, beating some of the best shots in Alberta.

Thos. McKinnon, aged six years, son of Wilfrid McKinnon, of Huxley, Alta., was operated on for obstruction at the Hospital recently, but he was too far gone and never fully recovered. He was buried at the Red Deer Cemetery from Stone's undertaking parlors on Wednesday, May 21st.

Mrs. J. Grant McGregor was the hostess at a most enjoyable evening at the Wednesday last, when she entertained the Alexandra Club members and some of their men friends. The lawn and verandah at Woodlands presented a gay appearance, being lighted with Chinese lanterns. In the dining-room, Mrs. Cottingham presided over the tea table, which was prettily decorated with violets, while Miss Elliott cut the ice, and a number of the Club members assisted in serving the refreshments. After some music, the guests departed with many expressions of appreciation of the hospitality of Mr. and Mrs. McGregor.

Masonic Trip to Banff

A good number of the members of Lodge No. 12 and Kenilworth A. F. & M. took in the trip to Banff last night, accompanied by their wives. The A. F. & M. Grand Lodge is being held this week at Banff, consequently trips have been organized from all over the province. A sleeping car had been arranged by the Red Deer Lodge, which will be of exceptional service, the occupants not having to worry about crowded hotels, the car being in their service from leaving Red Deer till their return on Friday morning. The following is a list of those who took advantage of the trip: Phil, Ed, Gordon and Mrs. Pidgeon, J. A. Carswell and Mrs. Carswell, Capt. Cottingham, Mrs. Cottingham and Miss Cottingham, W. J. Botterill and Mrs. Botterill, John Day and Mrs. Day, K. Byers and Mrs. Byers, A. Morris and Mrs. Morris, A. T. Stephenson, H. J. Small, H. H. Hummer, W. T. Coote, Mrs. H. J. Page, Mr. Lionel Page, Mrs. McBride, Mrs. Harry Stone, F. S. Simpson, Fred Krause and Mrs. Krause, Dr. McEwan and Mrs. McEwan and others.

MARRIAGES.

The following marriages have been performed by the Rev. W. G. Brown: At Red Deer, on Thursday, May 22nd, Miss Sarah Eugenie Thewney, to Mr. Charles Edward Crenet, both of Sylvan Lake. At Sylvan Lake, on Monday, May 20th, at the residence of the bride's mother, Mrs. A. P. Gledhill, Miss Nellie Sophie Tinsdale to Mr. Gus Alfred Lund, both of Sylvan Lake.

Pott's sad iron, \$1.35 a set, at Brazier's.

Passy hose, just the shade you want, at Brown's Toggery.

Estey organs for the home, church or school at Hadley & Webb's.

Brown has just received a fresh shipment of summer soft cuff and collar shirts.

Don't forget Friday night for the First of July sports meeting in the Council Chamber.

A. H. TRIMBLE & SONS' AYRSHIRES

Big Sale Wednesday Last

The sale of Ayrshires by A. H. Trimble & Sons, Wednesday last, was a red letter day in the history of this well known breed of cattle in the west. Buyers were present from all parts of Alberta, from British Columbia, Saskatchewan and Manitoba, and bidding was lively from the first. Andrew Phelps, of Huntington, Quebec, was the auctioneer, while H. W. Trimble, the licensee, acted as secretary. The prizes received were very satisfactory.

Mr. Trimble's famous prize winner, Woodside Lovely 7th, reached the top notch price of the day, going at \$835, to Mr. G. W. Mutter, of Victoria, B.C. Mr. Trimble thought she ought to reach \$700 at least. The average of the sale—young, mature and old—was \$250 per head. The choice cows went at \$250 to \$450, and the young bulls from \$75 to \$155.

COWS.

Lady Cairn, \$175—C. Cox. Stettler. Trimble, Vegreville. \$125—J. H. Amelia, \$430—C. Cox. Florence, \$250—R. Ness, DeWinton. Glenhurst Pearl, \$175—J. J. Richards, Red Deer. Blue Bell of Trout Run, \$175—J. J. Richards. Isleigh Comptona 3rd, \$400—R. Ness. Lassie A., \$150—R. Ness. Woodside Lovely 7th, \$835—G. W. Mutter, Victoria, B.C. Spring Brook Ellen, \$200—C. Cox. Birdie of Lone Spruce, \$105—J. J. Richards. Isleigh Gem, \$125—C. Cox. Spring Brook Pansy, \$105—G. W. Mutter. Isleigh Carlabella 3rd, \$150—G. W. Mutter. Woodside Miss Amy, \$150—G. W. Mutter. Janet of Lone Spruce, \$125—C. Cox.

THREE-YEAR-OLD HEIFERS.

Ruby of Lone Spruce, \$250—Gilbert Plains, Manitoba. Bonnie Jean, \$250—Gilbert Plains. Laura of Lone Spruce, \$275—G. W. Mutter. Hilda of Lone Spruce, \$250—Gilbert Plains, Manitoba. Irene of Lone Spruce, \$275—R. Ness. White Rose of Lone Spruce, \$325—R. Ness.

TWO-YEAR-OLD HEIFERS.

Lovely of Lone Spruce, \$260—G. W. Mutter. Ivy of Lone Spruce, \$175—R. Ness. Yearling Heifers.

Joy of Lone Spruce, \$150—R. Ness. HEIFER CALVES.

Coquette of Lone Spruce, \$125—J. H. Trimble.

Ellen of Lone Spruce, \$82.50—C. Cox.

BULLS.

King of Lone Spruce, \$150—Geo. Martin, Penhold. Champion of Lone Spruce, \$150—A. P. Rainald, Lacombe. Fortune of Lone Spruce, \$110—A. E. Trimble, Red Deer. Paul of Lone Spruce, \$90—David Allan, Hughenden. Woodland Proud Swell, \$110—G. W. Mutter.

The following realized the highest prices: Woodside Lovely 7th, cow, \$825; White Rose of Lone Spruce, 3 yrs., \$325; Lovely of Lone Spruce, 2 yrs., \$260; Joy of Lone Spruce, yearling heifer, \$250; Coquette of Lone Spruce, heifer calf, \$125; Leonard of Lone Spruce, bull calf, \$155.

This dispersion sale would be a serious loss to the district were it not Mr. Trimble's intention to re-build and extend his barns, and establish a new Ayrshire herd. He will have Woodside Lovely 7th's last calf to start with, Mr. J. J. Richards got some of the good stuff, which will strengthen the fine Ayrshire herd he has built up.

Notice to William Archie Stanley

By virtue of an order of the Master in Chambers granted in the action of the Associated Mortgage Investors vs. you of the 23rd day of April, A.D. 1913, the plaintiff has obtained judgment against you for \$507.47, being the amount due by you under your mortgage over the South-West Quarter of Section 14, Township 37, Range 24, West of the Fourth Meridian, and costs, \$155.06. You are hereby notified that you are to appear in court before the Clerk of the Supreme Court at Wetaskiwin, in the Province of Alberta, or to the Plaintiff or its solicitors on or before the 31st day of August, A.D. 1913, the said land may be sold or the said mortgage foreclosed.

Associated Mortgage Investors. Solicitors for the Plaintiff. LENT, JONES & MACKAY. May 28, 3w.

See Brazier for a 20th Century Vacuum Washer, \$50.

Great bargains in trimmed hats at Mrs. Jarvis', over T. A. Gaetz store.

Have music in your own home. Terms for a piano are easy.—Hadley & Webb.

Women's Christian Temperance Union

The convention of the Women's Christian Temperance Union for Central Alberta district met in the Knox Presbyterian Church, Red Deer, May 22nd and 23rd. All the delegates in the district were represented, Olds sending four delegates, and most all the others two, besides Miss Boyd, our Local Temperance Legion Superintendent for Alberta, and Miss Edna Gish, a young lady to represent the Y work or work among the young women of this district.

Thursday morning the first regular meeting was held, taken up mostly with business, but in the afternoon our meeting began in earnest, as most of the delegates came on the noon train.

Mayor Galtbraith greeted the delegates to the city of Red Deer in an address of welcome. Mrs. Boyd and L. T. L. Marker replied in a very pleasing manner.

Two very interesting papers were given and discussed. The papers were "The relationship of the W.C.T.U. to the Y.W.C.A.," by Mrs. Roberts, of Lacombe, and "The relationship of the Press to our W.C.T.U.," by Mrs. Argue of Olds. It was moved that we have both these papers printed in Searchlight, and also local papers, under the W.C.T.U. column.

Mrs. Boyd told the delegates how to organize a Local Temperance Legion, showed how to interest the boys, what books and papers should be read in connection with the work, and by request conducted a model L.T.L. meeting. We wished all L.T.L. workers could have been there to catch the inspiration.

At five o'clock orders were sent to take the ladies to see the city.

District Officers: President—Mrs. E. M. Sharpe, Lacombe; Vice President—Mrs. Roberts, Lacombe; Corresponding Secretary—Mrs. Hughes, Olds; Recording Secretary, Mrs. A. E. Keast, Innisfail; Treasurer—Mrs. Dwyer, Camrose.

RESOLUTION OF COURTESY.

We, the delegates and visitors to the Central Alberta W.C.T.U. Convention, held in Red Deer, May 22-23, wish to express our sincere thanks to His Honor the Mayor for so kindly welcoming us; to our hosts for the many favors rendered in their homes; to the soloists who inspired us with song; to E. Michener, M.P.P., who presided over our most model oratorical contest; to the reception committee for their tireless work in comfortably locating us; to those who treated us to the fine lunch and drive, and to all those who assisted in making our stay in Red Deer profitable and pleasant.

(Signed) Executive Committee Resolution Committee.

FIRST OF JULY SPORTS.

A public meeting, in the interests of the City's big day of the year, July 1st, will take place in the Council Hall on Friday night, May 30th, at 8 o'clock. It is hoped that the citizens will attend this meeting in force, and show their interest. You are cordially invited. Harry Wallace, Chairman, William H. Hadley, Secretary, Sports Committee.

ROBERT GEE

I clean carpets, windows, houses, chimneys and walls, ready for paint. Terms, cash, when done with the job. Leave orders at 429, 2nd Ave. S.E. May 28.

ONE or two generations ago most farm animals roamed at large, but we have gradually found that this did not pay.

The barn yard fowls have been the last to feel the effects of business methods on the farm, but at last they have to get in their place (in the poultry yard) and stay there.

The farmer who reads the magazine knows that to-day many a chicken farm of a few acres pays bigger profits than large farms did a few years ago. Every farmer keeps chickens because it pays, and it will pay lots better, and the farm will look better, if they are kept in the poultry yard.

ENOUGH of our poultry fencing to keep your fowls properly will cost very little, and will be the best investment you ever made on the farm.
